Re - BGS Stage 2

Dear Steve and Team,

The St Margaret's Buildings and Grounds Committee thanks you for your cooperation, commitment, effort, and success in bringing in stage 2 of Berwick Grammar School on time and within budget, especially taking into account the unusual conditions created by the Commonwealth Government's funding arrangements. We appreciate the quality of the completed work and your cooperation with the contractual arrangements which have proven to be a complete success, which in no small part have been due to your efforts.

We thank you and all your subcontractors for delivering a project that the boys and staff of BGS are eager to use and will be an undoubted asset to the school for many years to come.

Yours Faithfully

Bernard Brown

Chair- St Margaret's School Buildings and Grounds Committee
